# CONTACT

A hand-drawn wireframe sketch of a contact form. The form consists of a large rectangular container with rounded corners. Inside, there are four horizontal input fields, each containing a wavy line. The first three input fields are of equal height, while the fourth is significantly taller. To the right of these fields is a rectangular 'Submit' button.

**Hello!  
I'm Katherine Rochon  
a Computer Science Student**

Computer  
Science

**Cognate:**  
Media and Information

## About Me

Hello, my name is Katherine. I am currently a student at Michigan State University majoring in Computer Science with a cognate in Media and Information. I am extremely passionate about UX & UI design as well as full stack development. Currently, I am employed at Jackson National Life where I assist an agile team in data science delivery and AI. My main roles include documenting reports, running queries, and assistance onboarding new part-time team members.
